The new Academic Personnel Web site and resource is LIVE: [Click here](#)

We welcome any feedback or suggestions for our new site. Please email us directly at [HS-SOMAPTeam](#)

1. **Our Health Sciences Clinical Professors make a multitude of scholarly and creative contributions every day! Meet Dr. Cyrus P Bateni, M.D. from the Department of Radiology:**

As an Assistant Professor in the Department of Radiology, Dr. Bateni has established a robust radiology-pathology correlation system for musculoskeletal tumor biopsies. In this system, the biopsy performing radiologist follows up the pathology results of all biopsies performed and updates the results in a special PACS folder, in the patient report and communicates the pathology result to the referring physician. The radiologist also comments whether the pathology results are concordant or discordant with radiologic appearance. This system

has not only been immensely educational for trainees and attendings within the Radiology Department, but also greatly beneficial for patients and referring clinicians with timely notification of pathology results and appropriate recommendations. “With regard to radiology-pathology correlation, there is an increasing emphasis placed on how radiologists can positively impact patient care. Radiologists are most qualified to consolidate imaging findings and biopsy results. Additionally, I think that it is important for radiologists to follow up the results of image guided biopsies performed by radiologists in order to expedite patient notification and provide recommendations. This is utilized in breast imaging in the US and should be considered throughout radiology.”

2. **Start getting ready for your 2017-18 merit or promotion NOW!** For tips on successful packet submissions for the 2017-2018 academic year, including feedback from CAP and FPC on academic merit actions, the checklist used by the Academic Personnel (AP) Team for detailed packet review and common mistakes from the AP action team on academic merit actions, please visit our [website](#).
3. **“Tell me and I’ll forget. Show me and I may remember. Involve me and I learn.” Benjamin Franklin.**
Mentor Tip: Work with the mentee in a constructive manner to help them learn from their mistakes.

Upcoming Mentee Workshops Announcement!

How to Get the Most from the Mentoring Experience! This didactic workshop includes exercises to help the mentee get the most out of their mentoring relationships. This workshop is open to all faculty, however it is designed for assistant and early associate professors. Mentors please encourage your mentees to enroll. *Lunch will be provided for those who have registered.*

Wednesday, July 19, 2017, 4pm-6pm, Education Bldg., Room 3202

Tuesday, September 26, 2017, 11am-1pm, Education Bldg., Room 3205

Upcoming Mentor Workshops Announcement!

Module 1, 2, 4, and 5 Workshops – All in ONE DAY!

Saturday, July 15, from 10am-3pm.
